Shri Akhilesh Yadav
Hon'ble Chief Minister, Uttar Pradesh

New initiatives for improvement in power supply

- At present, 16 hour power supply to rural areas, 17 hour supply to district head quarters, 20 hour supply to major cities, 24 hour power supply to industries and uninterrupted power supply to Taj Trapezium is being ensured by constantly improving power supply in rural and urban areas.
- Damaged Transformers are restored within 72 hour in the state. For this purpose, a control room has been set up at district head quarter and transformers of different capacities have been arranged in adequate number in the store of every Discom. A vehicle has been made available at sub divisional level in every district for replacing the burnt transformers.
- Now, power consumer will receive information through SMS regarding electricity bills, payment, receipt, disconnection notice, bill notice, mal-functioning of meters, faulty bills, interruption in power supply and power pilferage by undesirable elements.

PPA to be signed and exchanged

- Power purchase agreement for 361 MW with M/s PTC (MB Power) and for 1000 MW with M/s KSK Mahanadi for 25 years on long-term/case-1 basis.
- An agreement to be signed and exchanged between the UP Power Transmission Corporation Ltd. and Power Grid Corporation of India Ltd. to construct required transmission system for power transmission from the Lalitpur Thermal Power Project (total cost Rs. 2300 crore).

Date: 04th March, 2014
Time: 10.30 AM
Venue: 5, Kalidas Marg, Lucknow.
